AIA Weekend Islamic School 2017-2018

Dear Parents: السلام عليكم ورحمة الله وبركاته

Welcome to the new school year at the AIA Weekend Islamic School. We are committed to provide quality Islamic education and excellent services to your children. We are excited to build on our successes from the past by implementing what worked best for us and learning lessons from our mistakes. We have a very competent group of dedicated teachers who are willing to offer their services despite constraints of their social and family obligations.

Please note that children 5years old and above on September 1, 2017will be enrolled in school.

Please note this year school will be starting on Sunday, September 17th.

Please fill out the Enrollment form and return to AIA by **August 20, 2017**. It can be mailed in or dropped in the AIA Schoolblack drop-box outside the Main Office door. *Please note that enrollment after that date will include a late fee of \$100 per family, and only if space is available.*

We expect the parents and students to take AIA School seriously. We will be implementing strict rules in the School to keep discipline and achieve high standard of education.

We expect to start each class on time. It is the parents' responsibility to bring their child to the School on time. Tardiness by more than ten minutes will result in denial of attendance to the class and those students will be sent to the Principal's office. Attendance is absolutely necessary for children to keep a sense of commitment to the Islamic School. Regular attendance helps in continuity and keeps the children focused on topics under discussion. If the student is absent for more than three days, without permission, a disciplinary action will be taken against the student. Children must be picked up by their parents within ten minutes of completion of Dhuhr prayers.

Children are expected to observe Islamic dress code and show Islamic code of conduct while on AIA premises. Children must remain in the compound during School hours and go to the class at its start time. Students are expected to respect the teachers and elders. Eating and drinking is allowed only in the banquet hall dining area. Abusive language, running or littering in the hallways and class rooms are all prohibited. No disruptive behavior will be tolerated from students. All boys and girls are expected to remain silent in the prayer hall and not to run around.

Students are expected to turn in all homework assignments on time. Parents are encouraged to work with their children ahead of the classes and work with them after the classes. Homework assignments will be counted in the grade determination. Parents are requested to inquire children about their home work. Disciplinary action will be taken if the assignments are not completed on time.

Student are expected to bring all required materials to the class. This is especially applicable to bringing class materials distributed by teachers, and their own pen, pencils, note books etc. Textbooks will be supplied to the students on the first day of school.

We look forward to welcoming our new and returning students to our school, where the school motto is: "Excellence in Education, Worship and Character!"

May Allah reward you!

Sincerely,

Abdul Khaliq, Ph.D.
Principal

Khalid Mozaffar
Associate Principal
